Grains

General Comments or Valuable Insight

Grains are into their July and November contracts.
Wheat put in a reversal lower day is trading below its 200DMA.

They'll need some time to digest this last move. The trade to the upside is over for a bit.
These commodities need some consolidation.

Bonds will be a two-way trade after this recent downdraft. Look to sell rallies into the
Gap in the 30 yr.

Bunds should continue to fail at its 50 DMA @ 162.90.

Full Moon Trading...Happy Passover!
