General Comments or Valuable Insight

The Dollar is getting hit in early Asia as I'm putting this to bed. Sterling is up over a full figure with the Yen crosses ripping.

I have no game plan tomorrow going into the Brexit vote except to be patient and let the board play out.

Many bought Puts on the Sterling as lotto tickets today. I did not.

With the markets reacting to every poll and voting expected to take into Friday for an official tally.

No predictions here.

I'm not chasing anything.
