General Comments or Valuable Insight

Many names are in total momentum frenzy like MMM.

A good retail sales # in the A.M. will give the Equities another run into next week when timing comes in for a possible pause.

The Equity Indices will be a hard trade given the daily stock rotation.

The action will remain in the names

Yesterday I thought that ConAgra would be a low risk long. I could have thrown a dart at the sector from China with a better-hit rate.

That's trading.
