General Comments or Valuable Insight

Mario put German debt back on his dinner plate.

165.30-50 will take quite a lot to get through given the ECB will be back on the bid.

Subscribers should avail themselves of the glossary link below to review expected price action @ OR levels.

USD/JPY closed right on its OR number @ 4 P.M. CDT.

I'll wait for further price action tomorrow to see if the U.S. indices can indeed retreat a little.

You'll definitely need some help from weaker crude which has not been elected, still trading into its support and downside pivot level.
