General Comments or Valuable Insight

Welcome to the mid-week shuffle.

Many names are mirroring the Spu's with today's higher opening followed by a small retreat to fill their daily gaps.

AMEX pattern is interesting and is worth a look later in the week. It has a potential ORH week working pending Yellen's speech.

How bored am I?

How great is the daily struggle to write something credible during these last dog days of summer?

I'm reduced to reflecting on a Ridiculous highway billboard advertisement near Valparaiso, Indiana that provided a little mental grist while doing end of summer shuttle duty for my daughter.

The Valparaiso Vasectomy Clinic is offering a no scalpel procedures with a free procedure for the second side.

What does that even mean?

Who would even do one side?

Guys only get one side done and have sex either lying on their right or left side pending which side they think will shoot blanks?

Seriously, your time is currently better spent contemplating the lunacies of this add versus trying to trade over the next couple of days.
