General Comments or Valuable Insight

**It's unemployment tomorrow.
Bonds and Gold will be active early.**

**Equity Indices will be about how and where they can hold after
the release.**

**Remember that this is a Bull market no matter what some
delusional talking head says.**

Day traders will likely try and pick an early high to sell against.

**The later in the day we get the greater propensity for a short
covering rally higher.**

**I'm out the door at 5 A.M. to pick up my daughter from coding
camp at Stanford.**

**There will be no further research written until Sunday for
Monday's 8/8/16 session.**
