General Comments or Valuable Insight

The Euro, Dollar Index and EUR/AUD are all into levels where I'll need to see more evidence of follow through.

Both the Euro and Dollar index are into their respective 200 DMA's. Both are just shy of last qtr's Matrix levels.

Currency expirations are Monday @ 9:15.

If you traded the Long side of the Dollar today you're my hero. Everyone is expecting a dollar rally into and out of the Fed.

Don't get jammed into the wrong levels.
