# Nasd 100... Yearly

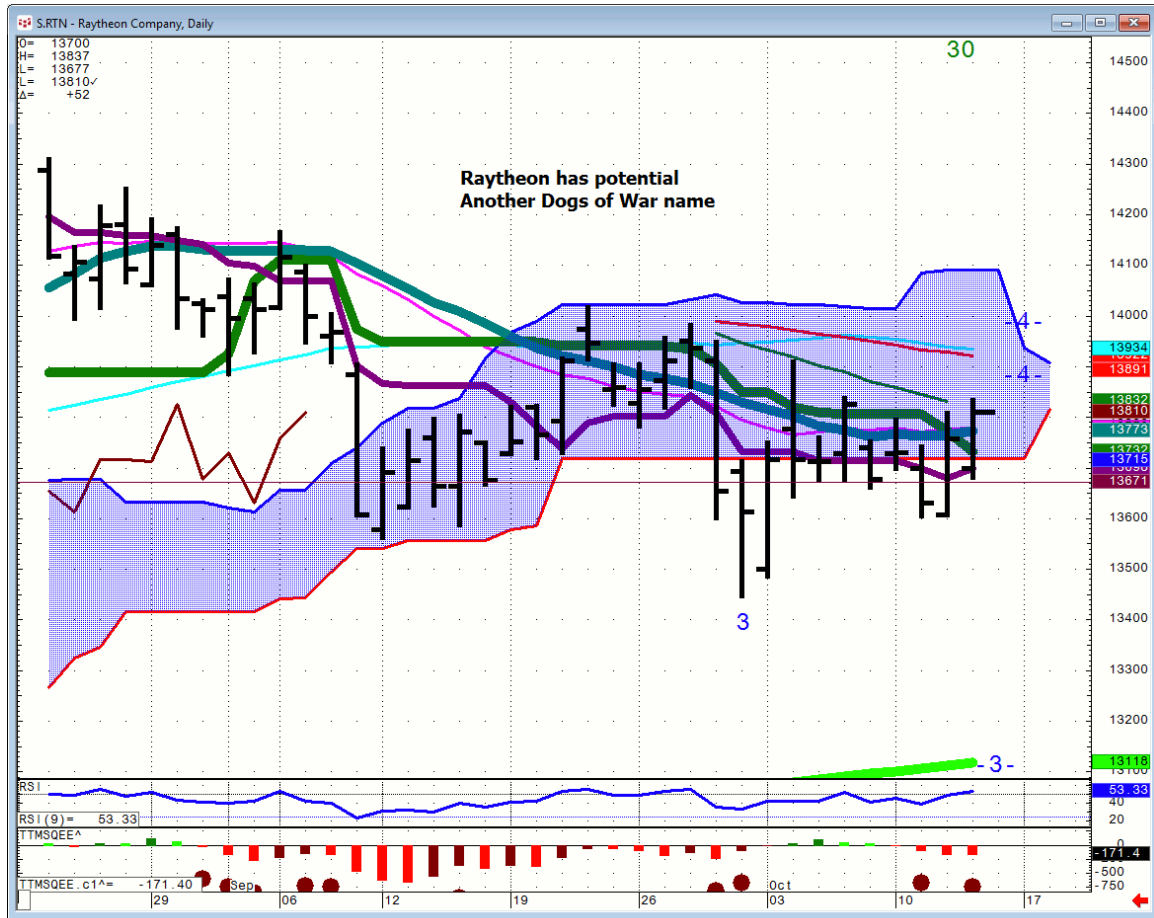

**ACIA Communications...** is a recent IPO so it falls into the momentum category. All you can do is short-term trade it with a bias at this point.

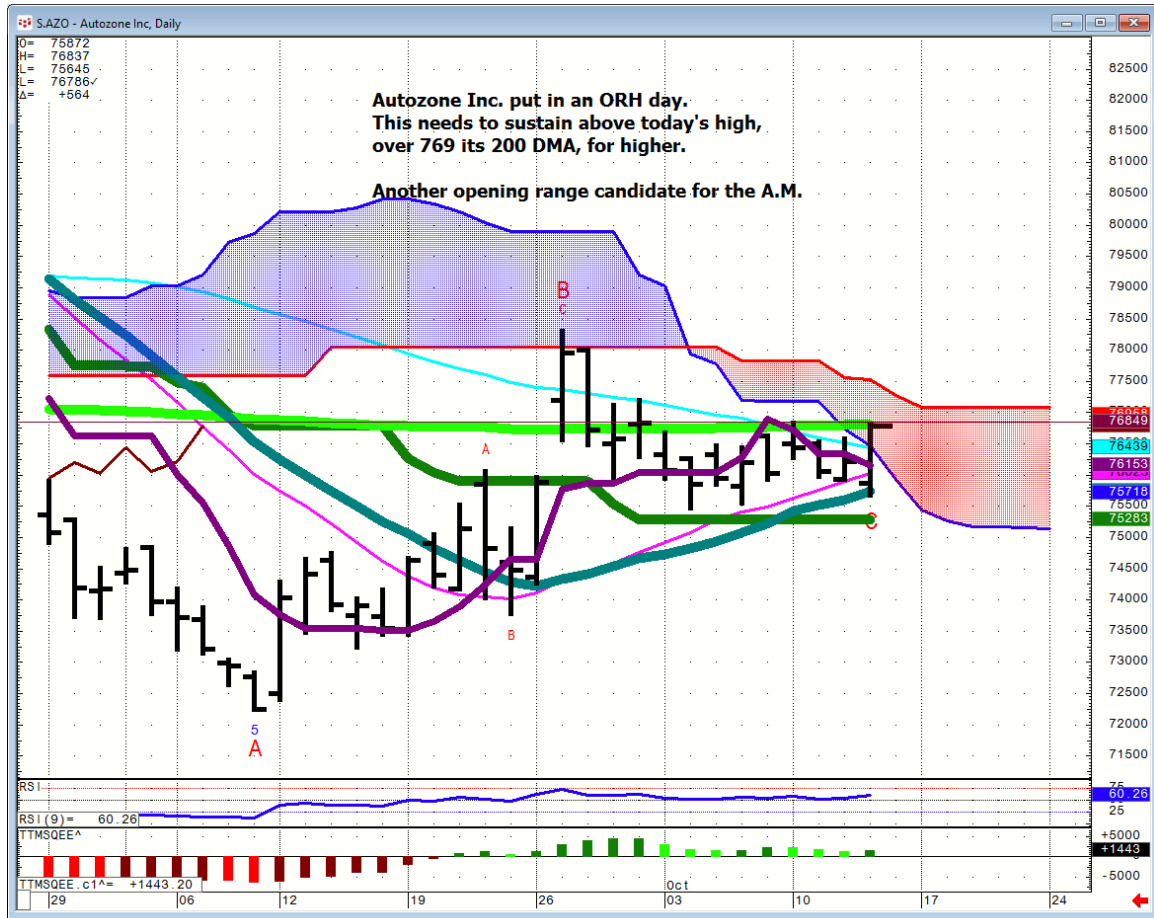

# LMT...Lockheed Martin

# RTN...Raytheon

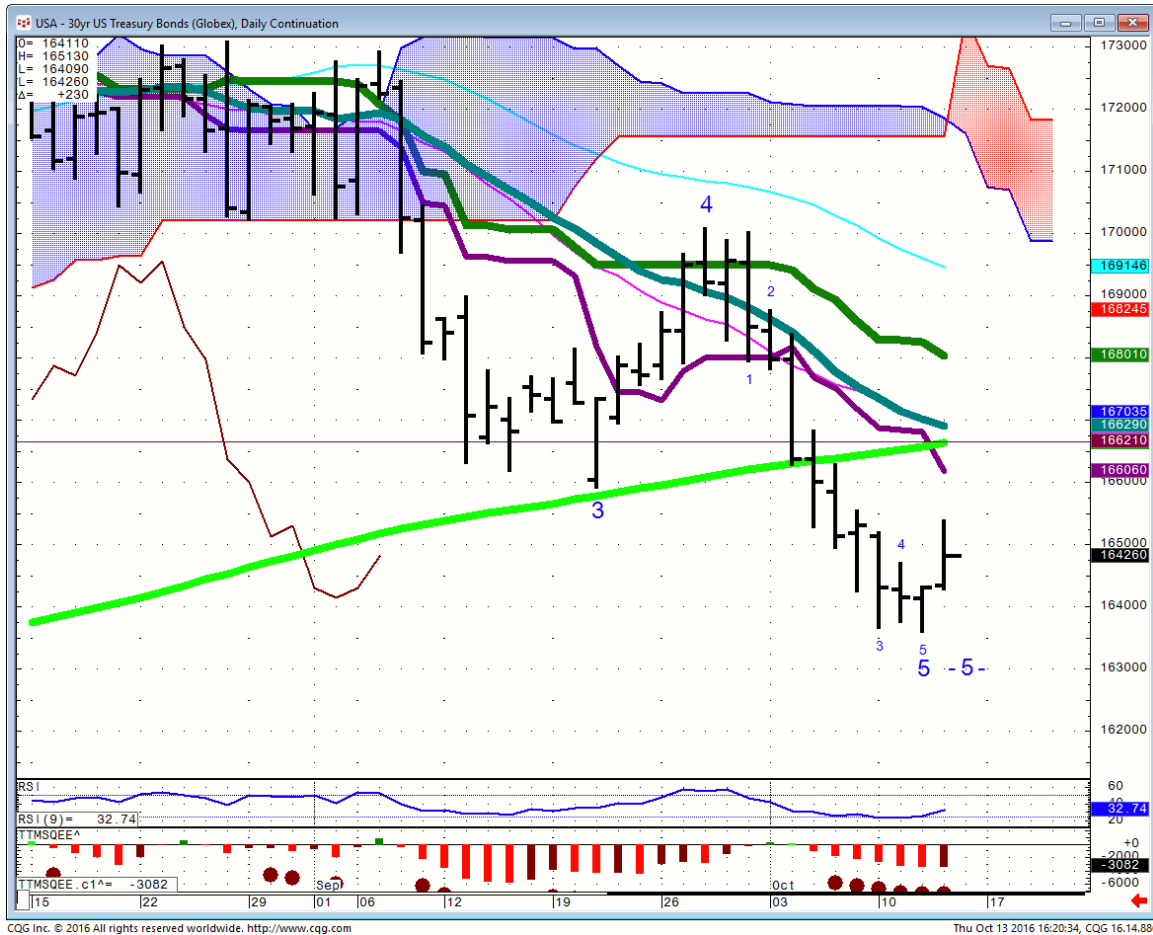

# AZO...AutoZone

## Bonds

**30 Yr. Futures..** the 200 DMA is @ 166.21. Any print from 166.04 on up can reject.

If we start lobbing bombs, you should be a patient seller of rallies.

## **General Comments or Valuable Insight**

**I love it when Comcast has my Internet down for 5 hours during the day while they're fiddling with stuff.**

**Euro is trading off the spreads. If you want to sell it try the 111 level. I'm not interested.**

**Yemen and Iran rhetoric is heating up which puts the defense contractors in play.**

**Blow somebody or something up and this will have a positive effect on Oil and the defense the sector.**

**Thank you Neil for the nice and most appreciated compliment about keeping an eye on AMZN for risk.**

**AMZN...818 is mvg avg support, which held early today. 834 ish was the momentum breakdown level. Once price maintains above, the board is back to Risk On.**
