V...Visa

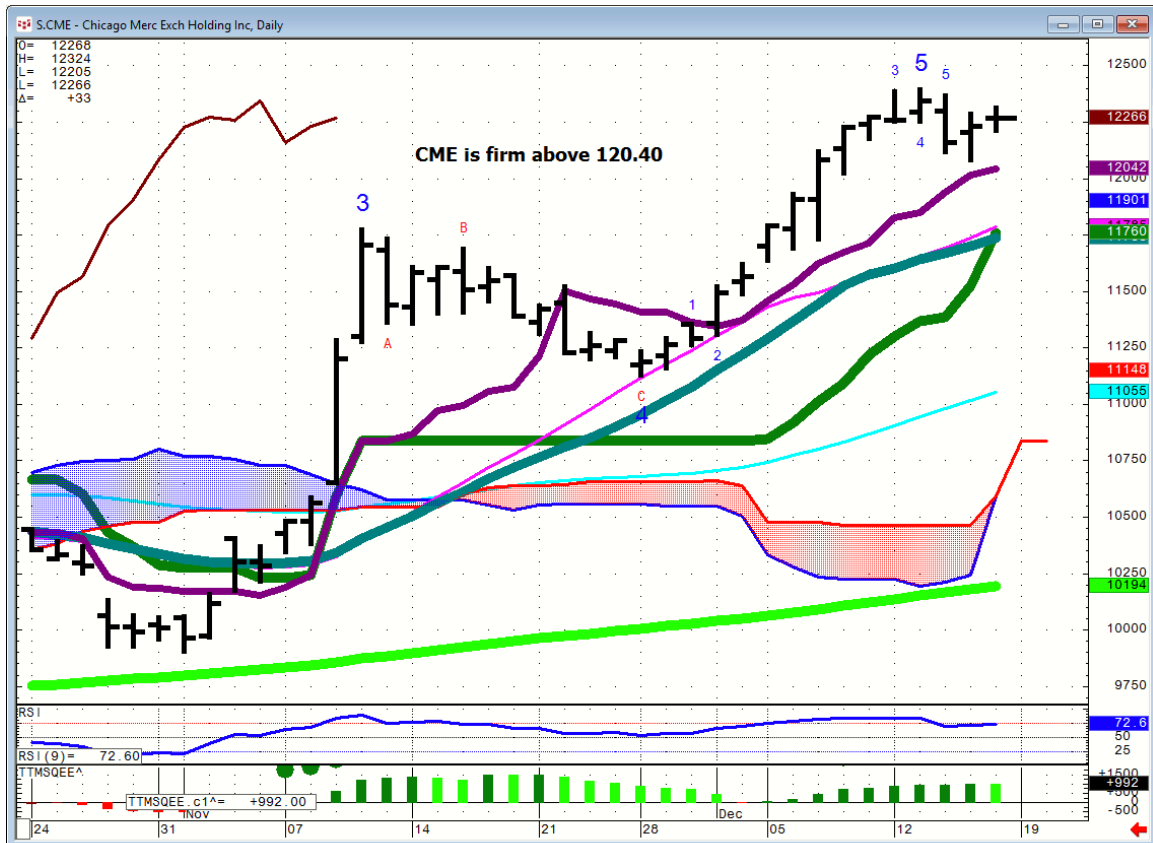

PCLN...PCLN was the posterchild for looking at the longer term time frames. After it's 50 DMA gave way the Bots went searching for stops at the weekly reversal low before recovering.

OXY...OXY will need further Oil follow through for higher

CME...

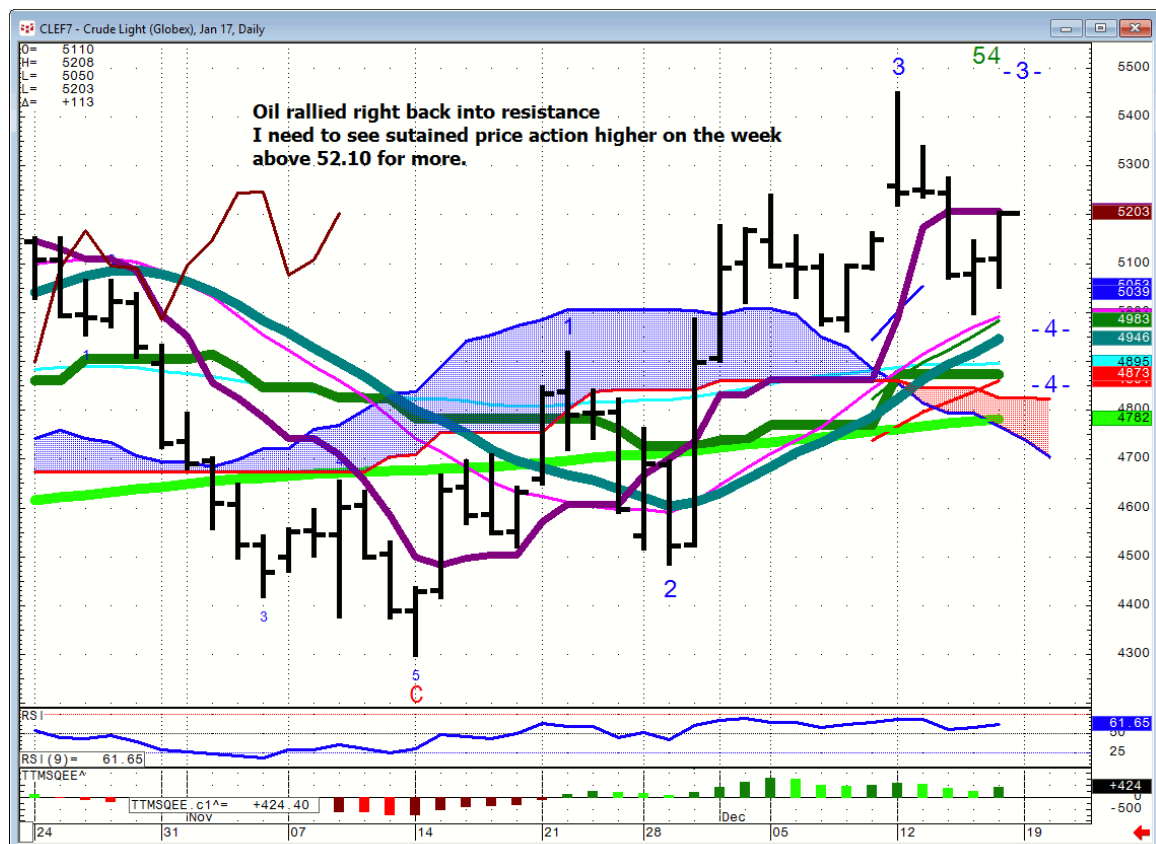

Bonds

FX

Commodities

Oil

General Comments or Valuable Insight

I would not be looking for much in the Indices going into next week.

I'm not looking to get involved.

Markets will be getting thinner and thinner.

I'm not looking for anything to present itself until the U.S. session gets going on Monday.
