General Comments or Valuable Insight

One Macro level at a time.

DJI-Spu-30 yr. Bonds have all hit important longer-term momentum levels.

With two breakaway gaps I'd like to see a mid-week low into today's Spu gap for a little pressure release.

Most of the ETF's and many of the names all have charts that mirror the Spu Pit.

Those involved in the names should be cognizant of their respective gaps.
