General Comments or Valuable Insight

Sure you Philistines laugh at me when I say Full Moon Trading.

The VIX, Nasd 100,AMZN,GOOGL, NVDA ,FB put in Outside reversals

What closed neutral and virtually unchanged was the Spu/Bond spread.

We experienced a BOT driven puke in Nasd names.

It will take into Monday to sort out the next move.

I would not discount that this is a one-day wonder given the way the Equity/Bond spreads traded.
