General Comments or Valuable Insight

Wednesday Rule applies. Don't chase late day closing strength in the Indices.

With another gap higher in the Spu U.S. session I'd be looking for exhaustion.

Auto parts names were bid all day. AZO needs all new closing price action over 560 to confirm higher.

AAP & ORLY look better from a risk standpoint.

Lots going on in the Dollar.

GBP/JPY needs to sustain and close over 146.38 for follow through.

EUR/GBP has retested it's August 3rd breakout @ 89.89. This makes the cross a better exit zone than a place for extended follow through.
