General Comments or **Valuable Insight**

I put in a couple Oil names tonight with the usual caveat that Oil must hold and rally to generate upside.

A lot of people must be clicking the mouse as the Chicago Exchanges are in rally mode.

It's a holiday week. Opportunity is early and often fleeting.

In the Materials space "OI" Owens Illinois & "STLD" Steel Dynamics have potential.

Bonds…short end offered/long end bid. More yield curve flattening.

Traders continue to press into Wednesday's FOMC minutes.
